

Subtidal and Intertidal Habitat Goals for Humboldt Bay and the Eel River Estuary

Advisory Team Meeting Notes

October 16, 2008, 1:30 to 4:30 pm, Eureka Sea Grant Office

- I. In Attendance:** Diane Ashton (NOAA Fisheries), Annie Eicher (California Sea Grant Extension), Kirsten Ramey (DFG), Susan Schlosser (California Sea Grant Extension), Adam Wagschal (Humboldt Bay Harbor District). Joining via teleconference: Joel Gerwein (Coastal Conservancy).

 - II. Stresses and Threats for Target: Water Column**
 - A. Ranking of stresses and threats for the Water Column was initiated. An updated CAP spreadsheet has been posted to collaborative tools for group editing (access under "Files," Version 7).

 - III. Stresses and Threats for Other Targets**
 - A. At the meeting, we handed out proposed lists of stresses and threats for the eelgrass and intertidal flats targets. These can also be viewed by downloading Version 7 under "Files." Susan and Annie plan to continue the process of ranking stresses and threats between meetings and make updates available to AC members. Editing via collaborative tools is encouraged; there will also be opportunities for discussion at upcoming meetings.

 - IV. MEETING SCHEDULE:**
 - Thursday, November 6, 1:30-4:30, Sea Grant Office**
 - Thursday, November 20, 1:30-4:30, Sea Grant Office**
- Note: Thursday, October 30, 8:45 a.m. - 2:45 p.m.: Aquatic Invasive Species Workshop, Wharfinger Building**
