July 2009

Dear Applicant,

Thank you for your interest in the Marin Master Gardener training program. Marin Master Gardeners work under the auspices of the University of California Cooperative Extension to carry out the mission of providing horticultural education and service to the public.

We are seeking Marin County residents who are enthusiastic about sustainable horticulture and gardening and who have a commitment to community service.

The training program requires a strong commitment to class participation, study, and volunteering, including working at the Marin Master Gardener Help Desk in Novato.

Being a Master Gardener is a highly rewarding experience for the almost three hundred Marin County residents who currently are active Certified Master Gardeners.

We look forward to receiving your application.

A handwritten signature in cursive script that reads 'David J. Lewis'.

David Lewis, Director  
UCCE – Marin
